

Eco-friendly Structure Design Competition

Are you dreaming to enjoy your vacation surrounded by the water or mini sea like Tanguar Haor? Bangladesh Parjatan Corporation declares a competition of Eco friendly structure design competition to realize your dream. It's a great opportunity to be a part of promoting Responsible Tourism in Bangladesh.

This competition will be arranged under the project titled **Promoting Responsible Tourism to Develop Climate Resilient Tourism Industry in Bangladesh** jointly both Bangladesh Parjatan Corporation and IUCN Bangladesh, the project funded by Bangladesh Climate Change Trust Fund.

Project designed few eco friendly structures like as 5 eco-cottage, 1 watch tower, open cultural yard, boatel (one) and paddle boat (Ten in different designs).

Eco- cottage: 5 eco-cottage (one room per cottage with a corridor and washroom facilities)

Boatel : Carrying capacity of the boatel will be 50 persons with 3 room for tourist night stay (Including dining space, washroom, kitchen facility and a cultural stage)

Note carefully BPC accept all designs with interior design in a touch of creativity, sustainable and low cost using local and traditional materials, like wood, cane, bamboo and others.

Project Area: Solaimanpur, Taherpur, Sunamgong.

Total Land: 4.33 Acar

Lay out of the project site
